ABC Company listed as Sample Vendor in Gartner Hype Cycle reports

Company believes it provides transactional controls monitoring and operational performance intelligence that improves an organization's ability to identify risks, prevent loss and assure business outcomes

STAMFORD, CT – 1 November 2018: ABC Company, the market leader in continuous, real-time Enterprise Business Controls Monitoring software announced today that it was mentioned as a sample vendor in three recent Gartner Hype Cycle reports: Hype Cycle for Emerging Technologies, 2017¹; Hype Cycle for Digital Insurance, 2017²; Hype Cycle for Education, 2017³.

Gartner identified ABC Company as a sample vendor for transaction operational intelligence platforms as well as for controls monitoring. According to the Gartner Hype Cycle for Emerging Technologies, "Organizations will continue to be faced with rapidly accelerating technology innovation that will profoundly impact the way they deal with their workforces, customers and partners. In particular, four emerging technologies are poised to be the highest priority: ecosystem-expanding technologies such as Blockchain; Brain-Computer Interface, which further entrenches humans into technology; Commercial UAVs (Drones), which challenge how goods and services are delivered; and intelligent API-driven Software-Defined Security, which enables a more secure digital world."

In the Hype Cycle for Education report, Gartner states "This Hype Cycle for education highlights the unmistakable progress of several technologies with wide-ranging potential impact on K-12 and higher education. Education CIOs are increasingly recognizing the critical importance of getting clarity on the organization's highest priority goals, and are expected to develop strategies that leverage the power of technologies to meet those toughest challenges. This Hype Cycle spotlights several with that kind of potential."

"We believe our recognitions certainly validates the importance and value that organizations can realize by implementing an enterprise business controls monitoring solution," stated John Doe, CEO and Founder of ABC Company. "By using ABC Product, business stakeholders will now have the visibility into the actual financial impact of risks to the organization."

ABC Company’s enterprise business controls monitoring solution analyzes business transactions and user activities to detect as well as prevent risks that can materialize into compliance violations, financial loss or that can negatively affect business performance outcomes. ABC Company's solution detects violations and enforces policies in real-time, which provides timely notification of issues and risks so that the organization can course correct.

Things to Keep in Mind:

- Industry-general excerpts from the report are permitted (e.g., evaluation criteria);
- Company-, product-, and service-specific excerpts are not permitted as they may appear endorsing;
- Vendor company information and marketing material may be included provided it is clearly differentiated from analysis found in the Gartner report;
- The Gartner disclaimer (if applicable) and report attribution must be placed above your company boilerplate and press release end mark;
- “Gartner” may not be used as the first word in your press release headline or subheadline;
- Graphics from Gartner “branded” research, such as Hype Cycle research, may not be applied in press releases;
- The full, up-to-date version of the Copyright and Quote Policy can be found at: [http://www.gartner.com/technology/about/policies/copyright.jsp](http://www.gartner.com/technology/about/policies/copyright.jsp)

Please Note the Following Process Steps:

- Submit your request to quote.requests@gartner.com; in your email to Quote Requests, include the following:
  - Attach the press release in Word .doc or .docx format;
  - Attach the original Gartner report as a PDF or a hyperlink to the report;
  - Provide the exact location of the quotes (Page # and header, if relevant) and the quotes themselves in the email text to Quote Requests;
  - Note: if your company has multiple press releases, please submit them all in one email, as this will help with efficiency.
- **Note about Reprints**: if your company has a licensed reprint of the Gartner report mentioned therein, please submit all of your promotional materials (including press releases) to your Reprints Marketing Program Manager for routing. He or she will then work with the Quote Requests team to bring the press release into compliance with the Copyright and Quote Policy.
